

Judging Criteria index2022

I INVENTOR (Academic / Researcher)

No	Criteria
1. Originality of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide evidence(s) to support the originality and novelty of the product. I Highlight the inventiveness features of the invention.
2. Applicability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide/Describe the relevance of the invention in addressing the related problem and how it contributes to new knowledge / technology. I Highlight the contribution of product towards social benefit.
3. Commercial Potentialities of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide evidence(s) of market needs and market potential. I Highlight the proposed of selling price and expected profit margin (if relevant). I If the product has been marketed, provide evidence(s) of sale records. I Provide complete prototype / system / sample and highlight future development planning.
4. Presentation and Demonstration of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Presentation and demonstration will be judged according to the information delivery, attractiveness, content and quality of video.
5. Academic and Intellectual Property Recognition (IPR)	
	<ul style="list-style-type: none"> I Provide evidence(s) of the related published publication <ul style="list-style-type: none"> • Local Proceedings / Exhibition /Int'l Proceedings/ Non-Indexed Journal/Impact Factor Journal I Provide evidence(s) of the related IPR <ul style="list-style-type: none"> • IP Recognition Letter / IP Filed with patent pending number (International)/ IP Filed with patent pending number (National)/IP Granted with patent number (National)/IP Granted with patent number (International) • Provide evidence(s) of industrial collaboration and business model (if relevant)

I INVENTOR : OPEN (Academic / Researcher)

No	Criteria
1. Originality of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide evidence(s) to support the originality and novelty of the product. Highlight the inventiveness features of the invention.
2. Applicability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide/Describe the relevance of the invention in addressing the related problem and how it contributes to new knowledge / technology. Highlight the contribution of product towards social benefit.
3. Commercial Potentialities of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide complete prototype / system / sample and highlight future development planning.
4. Presentation and Demonstration of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Presentation and demonstration will be judged according to the information delivery, attractiveness, content and quality of video.
5. Marketability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide evidence(s) of market needs and market potential Highlight the proposed of selling price and expected profit margin (if relevant). If the product has been marketed, provide evidence(s) of sale records.

I YOUNG INVENTOR POSTGRADUATE

No	Criteria
1. Originality of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide evidence(s) to support the originality and novelty of the product. I Highlight the inventiveness features of the invention.
2. Applicability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide/Describe the relevance of the invention in addressing the related problem and how it contributes to new knowledge / technology. I Highlight the contribution of product towards social benefit.
3. Commercial Potentialities of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide evidence(s) of market needs and market potential. I Highlight the proposed of selling price and expected profit margin (if relevant). I If the product has been marketed, provide evidence(s) of sale records. I Provide complete prototype / system / sample and highlight future development planning.
4. Presentation and Demonstration of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Presentation and demonstration will be judged according to the information delivery, attractiveness, content and quality of video.
5. Academic and Intellectual Property Recognition (IPR)	
	<ul style="list-style-type: none"> I Provide evidence(s) of the related published publication <ul style="list-style-type: none"> • Local Proceedings / Exhibition /Int'l Proceedings/ Non-Indexed Journal/Impact Factor Journal I Provide evidence(s) of the related IPR <ul style="list-style-type: none"> • IP Recognition Letter / IP Filed with patent pending number (International)/ IP Filed with patent pending number (National)/IP Granted with patent number (National)/IP Granted with patent number (International)

I YOUNG INVENTOR POSTGRADUATE: OPEN

No	Criteria
1. Originality of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide evidence(s) to support the originality and novelty of the product. I Highlight the inventiveness features of the invention.
2. Applicability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide/Describe the relevance of the invention in addressing the related problem and how it contributes to new knowledge / technology. I Highlight the contribution of product towards social benefit.
3. Commercial Potentialities of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide complete prototype / system / sample and highlight future development planning.
4. Presentation and Demonstration of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Presentation and demonstration will be judged according to the information delivery, attractiveness, content and quality of video.
5. Marketability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> I Provide evidence(s) of market needs and market potential. I Highlight the proposed of selling price and expected profit margin (if relevant). I If the product has been marketed, provide evidence(s) of sale records.

I YOUNG INVENTOR UNDERGRADUATE

No	Criteria
1. Originality of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide evidence(s) to support the originality and novelty of the product. Highlight the inventiveness features of the invention.
2. Applicability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide/Describe the relevance of the invention in addressing the related problem and how it contributes to new knowledge / technology. Highlight the contribution of product towards social benefit.
3. Commercial Potentialities of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide complete prototype / system / sample and highlight future development planning.
4. Presentation and Demonstration of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Presentation and demonstration will be judged according to the information delivery, attractiveness, content and quality of video.
5. Marketability of the Invention / Innovation / Design	
	<ul style="list-style-type: none"> Provide evidence(s) of market needs and market potential. Highlight the proposed selling price and expected profit margin (if relevant). If the product has been marketed, provide evidence(s) of sale records.

[JUNIOR INVENTOR (School Student)

No	Criteria
1. Concept & Project Preparation	
	[Present the concept and development of the product as well as the application and collaboration.
2. Product Exhibition	
	[Provide evidence(s) of the novelty and inventive features of the product. [Highlight the impact of product towards the environment and society.
3. Commercial Potentialities	
	[Demonstrate how the product provides solution for the user's needs and its marketability.
4. Presentation of Research	
	[Video will be judged according to the information delivery, attractiveness and teamwork demonstrated.
